

# FOLLOW THAT... COFFEE

*An intermodal adventure  
with a delicious ending!*

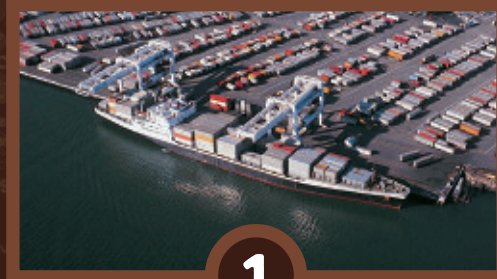

## PART I

*Compliments of:*

**CAGTC**

Coalition for America's  
Gateways & Trade Corridors  
[www.tradecorridors.org](http://www.tradecorridors.org)

**Departure Point:  
SANTOS PORT IN SAO PAULO, BRAZIL**

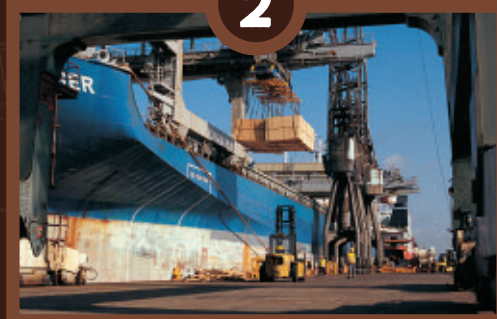

**1**

Containers of coffee beans are loaded  
onto SHIPS for United States delivery.

**2**

**U.S. Port Facility**

**3**

The coffee beans are picked up by TRUCK.

**4**

Then transferred to RAIL.

**5**

**U.S. Distribution Center**

**Final Destination:  
STARBUCKS® CAFE - WASHINGTON, DC**

**6**

The beans are again picked up by TRUCK  
and brought to local cafes, coffee houses  
and supermarkets, like those on Capitol Hill.

**Intermodal freight infrastructure  
and goods movement must be  
adequately funded through the  
transportation reauthorization bill!**

**Don't Forget Freight!**

Have a cup of coffee and  
remember the essential and  
multi-modal freight transportation  
system that brought it!

**7**
